

2017 Spring Spectacular

Weather Procedures

Lightning:

If there is lightning in the area you will hear one loud blast via air horn.

If this occurs then everyone must exit the fields and wait in your cars.

3 short blasts signal game play may resume .

Severe Weather:

If there is severe weather in the area or tornado warnings we will communicate with the field Marshalls who will inform the coaches. At that point we will calmly evacuate the complex.

We are less than 1 mile from the public shelter by driving north out of the MWC Soccer Complex. The Public Shelter is located at 100 N. Midwest Blvd. Midwest City.

Missing Child Procedures

Child Find:

If there is a missing child please notify a staff member immediately.

Staff Members: 1. Sound the air horn (3 long blasts)

2. Immediately close all gates to complex entrances/exits

3. Send Volunteers to pedestrian access locations and deny exiting until all clear

4. Obtain detailed description of child: name, sex, clothing, height, weight and last seen 5. Call 911

6. Notify all referees and initiate search of entire complex, including rest rooms, concession stand, maintenance sheds and parking lots.

7. Sound all clear with air horn, one long blast

3 loud blasts on the air horn signal missing child(ren)

Gates are Closed Immediately to the Complex and no one is permitted to leave until an all clear is given
